

Vishnu Jangid

Computer Science Engineering student with hands-on experience in Java, DSA, SQL, and MERN stack development. Skilled in designing and developing full-stack web applications using React.js, Node.js, Express.js, and MongoDB, with practical experience in REST APIs, authentication, database integration, and responsive user interfaces. Strong understanding of Object-Oriented Programming, DBMS, data structures, algorithms, and software development fundamentals. A motivated and quick learner seeking an entry-level Software Developer opportunity to apply technical skills, contribute to real-world projects, and grow as a professional software engineer.

EDUCATION

IPS Academy, Indore

Bachelor of Technology – Computer Science Engineering - 8.37

Jun 2023 - May 2027

Evergreen Senior Secondary School, Nagaur

Class XII – RBSE

2022 - 2023

Class X – RBSE

2020 - 2021

PROJECTS

Wanderlust – Airbnb-Inspired Web Application

June 2026 - July 2026

- Developed a **full-stack accommodation listing platform** inspired by Airbnb.
- Implemented **CRUD operations** for property listings using **Node.js, Express.js, MongoDB, and Mongoose**.
- Added **user authentication and authorization** for protected operations.
- Integrated **image handling and listing management** functionality.
- Designed **responsive pages** using **EJS, CSS, and Bootstrap**.
- Implemented **property reviews and ratings**, allowing authenticated users to add, edit, and delete reviews for listings.

ATTENDIX – Attendance Management System

August 2026 - September 2026

- Developed a full-stack attendance management system for managing students, classes, and attendance records.
- Built responsive React dashboards for **Admin, Teacher, and Student** workflows.
- Implemented REST APIs using **Node.js and Express.js** for attendance and user management.
- Integrated **MongoDB** for storing users, classes, and attendance data.
- Implemented authentication and protected routes for role-based access.
- Added attendance history and class-wise attendance management features.

SKILLS

Programming: Java, JavaScript, SQL, HTML, CSS

Web Development: React.js, Node.js, Express.js, EJS, Bootstrap, REST APIs

Database: MongoDB, MySQL

Core Computer Science: Data Structure And Algorithm, Object Oriented Programming, DBMS

Tools: Git, GitHub, VS Code, Eclipse, MongoDB Atlas, Postman

Soft Skills: Problem Solving, Teamwork & Collaboration, Communication, Adaptability, Time Management

CERTIFICATE

PW - Web Development Basics [🔗](#)

NPTEL - Data Base Management System [🔗](#)

IBM - Object Oriented Programming in Java [🔗](#)

ACHIEVEMENTS & ACTIVITIES

- **Secured 2nd position in Class XII** with **91.60%** in RBSE Board Examination, 2022.
- **Participated in Techno-Math Event**, demonstrating problem-solving and mathematical aptitude.
